EXPERIENCE

AKMANLAR BUSINESS CENTER | WEB DESIGNER

March 2023 - September 2024 | Istanbul, Turkey

- I created original and user-oriented website designs for various companies located in the business center.
- I developed modern and responsive designs that were in line with the corporate identities of the companies.
- I prioritized user experience in my designs, paying close attention to SEO and performance optimizations.

FIVERR.COM | FREELANCE GRAPHIC DESIGNER

January 2021 - October 2022 | fiverr.com

- Working with clients from different countries via Fiverr, I designed logos, posters, and social media visuals.
- I prepared original designs according to customer requests and delivered them completely and on time.
- Emphasizing customer satisfaction throughout the communication process, I quickly fulfilled revision requests.
- I expanded my portfolio by offering creative solutions to brands in various sectors.

IBAT AYAKKABI TEKSTIL INSAAT SANAYI VE TICARET LIMITED SIRKETI | SOCIAL MEDIA DESIGNER

January 2018 - August 2021 | Istanbul, Turkey

- I created social media visuals, story designs, and campaign content to promote shoes.
- I undertook the user interface design and content updates for the company's website.
- I actively participated in many creative projects such as logo, poster, and digital advertising designs.
- I made sure to follow current trends in my designs, creating work that was both engaging and reflected the brand's value.

PROJECTS

SHOE SALES SCRIPT SITE - IBAT AYAKKABI | PROJECT MANAGER

April 2025 - Present | Remote, Online

- I developed a custom shoe sales script for the Ibat Ayakkabi brand, featuring product management, order tracking, and a user panel.
- Using HTML, CSS, JavaScript, and backend technologies, I designed a fully functional sales platform.

PERSONAL WEB DEVELOPER | PROJECT MANAGER

July 2024 - Present | Remote, Online

- I designed and developed my personal website from scratch and keep it continuously updated.
- I take on the design, development, and management responsibilities for all stages of my projects.
- I share my projects on GitHub, performing version control and making open-source contributions.
